Contract with PPL	OPEN SESSION Superintendent/President Lehner advised the Board that the Board does not need to enter into a contract with Professional Personnel Leasing (PPL) for the search for an Interim Superintendent/President. If the Board hires a candidate recommended by PPL or another firm, then that firm would receive a percentage of the negotiated salary as payment for its services.		
	Board Chair Clark stated that the Board has chosen to look externally for an Interim Superintendent/President. In deciding between an internal and external candidate thought was given to the fact that current staff at the higher management levels are already very stretched. The Board does not want to weaken the structure that is in place.		
	M/S/C (Haynes/Tomkins) RESOLVED, That the Mendocino-Lake Community College District Board of Trustees does hereby approve moving forward with a search for an external candidate for Interim Superintendent/President and authorizes payment of fees to Professional Personnel Leasing upon hiring of any candidate they find.

	The Board discussed, but were not in agreement, as to whether an interim candidate should be someone who is not interested in the permanent position or could be someone who is interested in applying for the permanent position.
	It was suggested that the Board consider formalizing the process for hiring of an interim and permanent Superintendent/President in an administrative procedure.
	M/S/C (Tomkins/Ubelhart) RESOLVED, That the Mendocino-Lake Community College District Board of Trustees does hereby adopt the Proposed Selection Process as submitted.

# <u>SUBJECT</u>: EMPLOYMENT – SHORT-TERM EMPLOYEES

# SYNOPSIS:

Approval of employment of short-term employees is requested.

### **RECOMMENDATION:**

The Superintendent/President recommends that this item be approved as presented.

Education Code 70902(d) permits a governing board to adopt a rule delegating the authority to hire short-term employees to the Superintendent/President, or designee. This district has adopted such a rule in Policy No. 703.

EC 88003 was amended to require districts to specify at a regularly scheduled Board meeting the service to be performed, as well as the start and end dates of the service.

### MOTION/ACTION:

RESOLVED, That the Mendocino-Lake Community College Board of Trustees hereby ratifies the list of short-term employees as presented.

Board ratification of the contracts for energy projects under Government Code Section 4217.13.

### **RECOMMENDATION:**

The Superintendent/President recommends ratification of the award contracts for energy projects.

### ANALYSIS:

This phase of the energy upgrades is for replacement of five boilers in the Physical Education, Fine Arts, Lowery Library, MacMillan Hall and Vocational/Technical buildings. The project will provide high efficiency boilers that will be installed by a local contractor that provides service for all HVAC equipment. By providing this contract and the previously awarded chiller project, the District will realize significant savings according to the project engineering estimates.

There is a timing issue regarding some of the work, due to equipment lead times and semester break periods when the work can be done. The local contractor can perform under the schedule required.

The amount for the replacement of five boilers is \$407,674.

### MOTION/ACTION:

RESOLVED, That the Mendocino-Lake Community College District Board of Trustees does hereby ratify the contract for the replacement of five boilers for energy project upgrades to Intercounty Mechanical & Electrical, Inc. in the amount of \$407,674.

### ANALYSIS:

#### **Planning and Budgeting**

Workshops have been held to develop 2012-13 action plans for the first two strategic goals: student success and student access. Workshops for the remaining three goals will be completed by the end of the semester. Per our integrated planning timeline, these draft action plans will be reviewed and prioritized by PBC before going to the Superintendent/ President and the Board of Trustees. The final action plan will then be used to inform the writing of program reviews in the fall.

PBC has also been reviewing and prioritizing a list of potential budget solutions. Should the tax measure not pass in the November 2012 election, major budget cuts will need to be made in order to maintain a balanced budget and an adequate reserve.

### **Accreditation**

The next comprehensive accreditation visit for Mendocino College will take place in March 2014. To prepare for that visit, PBC has organized response teams for each of the accreditation standards and identified team co-leaders from the management, faculty and classified staff groups. Teams have already begun their preparation work and have established tasks and timelines for completion of the self study.

#### Accountability Reporting for Community Colleges (ARCC)

Dr. Charles Duffy will be present at the Board meeting to give a presentation on the ARCC report. The ARCC report details data from all 112 California community colleges and is presented annually by the Chancellor to the Legislature pursuant to AB 1417. The report contains measures of student achievement on seven indicators that address the core missions (basic skill, transfer and CTE) of the community colleges. Mendocino College data is compared to a statistically defined cohort of other similar community colleges rather than a statewide average.

### **Community Connections**

- Made presentations to Lions Club and South Ukiah Rotary regarding progress on Measure W projects.
- Attended AAUW and Rotary Club of Ukiah meetings.

In 2010-11, the Annual Successful Course Completion Rate for Credit Vocational Courses increased from 74.9% in 2009-10 to 75.4% in 2010-11, a rate that is six percentage points above our peer group median. The single area which experienced a decline was the Percent of Students Who Earned at Least 30 Units. This percentage fell from 71.0% for the 2004-05 cohort to 67.4% for the 2005-06 cohort and is three percentage points below our peer group median. 67.4% is still nearly three percentage points above the 64.7% for the 2004-05 cohort.

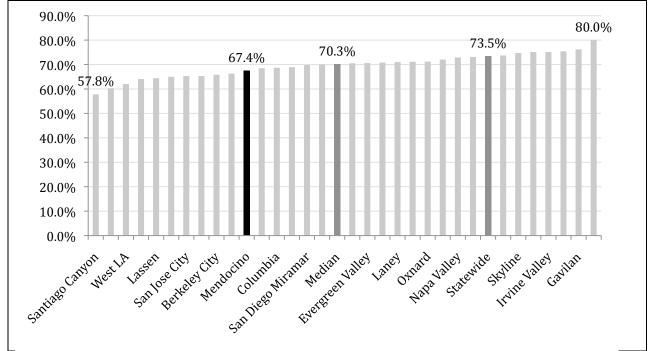

A similar pattern is evident in the analysis of Pre-Collegiate Improvement at Mendocino College. The Annual Successful Course Completion Rate for Basic Skills Courses rose from 62.0% in 2009-10 to 65.2% in 2010-11, six percentage points above the median completion rate for our peer group. The ESL Improvement Rate also saw an increase from 26.6% to 33.8%, although Mendocino College stills falls about ten percentage points below our peer group median on this indicator. This reflects a continued challenge retaining students from a population principally engaged in the agricultural sector as well as curriculum alignment issues. Only the Basic Skills Improvement Rate of 49.0% for the 2008-09 cohort experienced both an absolute decline (from 57.0% for the previous cohort) and a position well below the median Improvement Rate for our peer group (59.7%).

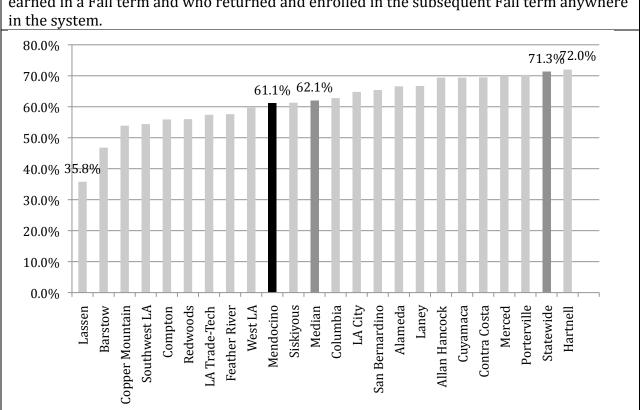

Mendocino College continues to work toward student success in basic skills, CTE and transfer education. Improvements on the measures that address current year students indicate that our efforts will be reflected in future cohorts of students.

### 1. SSTF: Matriculation Advisory Committee Meeting

The Student Success Act of 2012 (SB 1456) is moving forward with hearings scheduled in April and May. If enacted, implementation will take place in 2013. At this point, the Chancellor's Office is gathering input in an attempt to have input into the bill's final version; the Matriculation Advisory Committee, on which VP Randall represents CIOs, is one of the groups examining the language and intent of the bill. On April 24, the committee examined some of the terms in the act to reach consensus on meaning. These terms included "educational goal," "program of study" and "education plan." Most attendees recommended keeping "goals" broadly defined and envisioning the "education plan" in phases, with different plans for new students as opposed to those who have completed 15-30 units. One concern is that students be allowed some period of exploration, although all agreed that the age of endless exploration at the community college is over. Participants also discussed the value of asking students for goals "upon enrollment" rather than after completing some part of the matriculation process. If the bill moves forward in June, the committee will reconvene in July to discuss implementation.

### 2. Orientation: Super Saturday

Counselors and student services staff have finalized the agenda for Super Saturday, the half-day orientation for incoming students for summer and fall. Geared toward graduating high school seniors, Super Saturday (May 12) includes a student panel, general session, and breakouts focusing on financial aid, transfer and other topics. This year, there will be special orientations for athletes and CAMP students too. Students generally take their placement tests on the same day and often meet with counselors to select classes. After completing Super Saturday, students are cleared for priority enrollment beginning on May 15. Many students opt to start in the summer to get a jump on English, math and general education requirements.

### 3. Student Services: Spring Events

Groups have been diligently preparing for two annual events – Latino Retreat Day on May 4 and Native American Motivation Day on May 11. Both events will involve K-12 students and inspirational speakers as well as an introduction to college and the campus. On May 4, Sustainability Day, the Plant Sale and the Spring Dance Festival also take place. EOPS and CARE awards were given out on April 27, and other scholarships will be awarded on May 11 and May 18. Finally, the year ends with graduation on May 25 featuring Chancellor Jack Scott, who retires in the fall.

### **Reserve Levels**

The average General Fund ending balance information for 2009-10 and 2010-11 for community colleges across the state is as follows:

Unrestricted General Fu	nd Net Ending Balance as a Percentage of Unrest Expenditures and Other Outgo	tricted General Fund
	Average Statewide	16.2%
2009-10	Lowest	5.6%
	Highest	36.8%
	Average Statewide	18.0%
2010-11	Lowest	2.6%
	Highest	36.9%

As you can see, the statewide average increased from 16.2% to 18.0% between the two years. The reserve for Mendocino College increased from 14% to 17% during the same period of time. This may seem counterintuitive, as one would expect that as state funding is cut, there would be a negative impact on reserve levels. Certainly when looking at the districts with the lowest reserve levels, one can see they did decrease between the two years. Yet these are the times when districts need more reserves, not less, as the system continues to be faced with further budget cuts. And what the average statewide data shows is that, by and large, districts are being very prudent in maintaining their reserve levels.

The ending reserves for 2011-12 will certainly fall from the above levels if the state does not address the current-year funding shortfall resulting from lower than anticipated property tax and student fee collections (the February surprise). The Chancellor's Office pegs this unanticipated shortfall at 2.75%, which districts could not have planned for in adopting their 2011-12 budgets, and will force many districts to dip into their reserves. We project that Mendocino College will end the year with reserves of 13.3%.

#### State Revenues

The performance of revenues for the month of April is a key factor in determining the outlook for the upcoming fiscal year. The Department of Finance (DOF) indicates that \$9.132 billion is expected from the personal income tax for April 2012 compared to \$7.055 billion collected in April 2011, an increase of almost 30%. It is difficult to determine whether or not the budgeted total will be reached based on collections early in the month because the bulk of the revenues are posted during the final week. Unfortunately, revenue collections since the release of the Governor's January Budget have been falling short of projections, with revenues now \$676 million behind, according to the latest DOF projections.

The performance of the personal income tax for the month of April will go a long way in determining whether the Governor's May Revision will stay the course on revenues or indicate that a weaker outlook is in store for 2012-13.
