(continued)

Perry was sent an email from Ulises Velasco where he was suspended from the College. Perry did not see or receive this email until August 19, 2019. The suspension was based on allegations of: (a) disruptive postings on Facebook, (b) aggressive behavior towards a District employee via text message, (c) disruptive behavior via text message to a District employee, (d) disruptive behavior via email to a District employee, and, (e) refusal to follow Mr. Lopez's instructions and directions twice in February 2019 to correct his conduct and behavior. Perry strongly contests these allegations. And, Perry only received this notice of suspension via email.

The disability claims involve Bob Nishiyama and Nick Wright. Perry was provided an accommodations request that Mr. Nishiyama signed off on but took issues with when Perry recorded notes for class AJ103. Mr. Nishiyama for the first 2-3 weeks of the class would point out to the class and make statements directed at Perry who sat in the back of the class and say comments like "this is why I don't allow recordings in my class" – Mr. Nishiyama would say this and direct a comment to Perry every class. Perry never received a grade for AJ103 with completion of the final. Emails sent to the instructor were ignored. Mr. Wright was the Disability Counselor. Perry's injury is still ongoing as Perry still does not have his grade for class AJ103. In May 2019, Perry learned that he does not have his grade for AJ103.

Arturo Reyes, Adan Chaivdez, Ulises Valesco, Antonio Lopez, Deborah Polak, Darletta Fulwider, Chantel Martinez, Victoria Ramos, Toni Novelli, and Janice Wood all played a role in discrimination against Perry. This discrimination was continual but the claims at issue in this Claim Form occurred between June 19, 2018 and August 19, 2019. For instance in or about April 2019, there was a Pomo Dressmaking workshop that was going to be held and when Perry had met with Darletta Fulwider in the student services offices (that houses all the counselors) she made a comment to Perry with her crude way of joking and asked Perry if he was going? She then stated "are you gonna go make a dress?" There were other staff and students around since her cubicle was in the middle of the entire services office. Perry had told this to Lopez on the recording. Fulwider would also make comments to Perry about Michele Arnold, a past student, who dressed up as a woman and she would say "ohh are you going to be like "Michele" referring to Mike Arnold. There were several occasions with Fulwider and the Student Club meetings during the last portion of Perry's time as President of the AIA Student Club, including on April 24, 2019, where she told everyone that Perry was the problem and Lopez was on her to "get control" of Perry. Also, Fulwider was also the one who told us in one of the last club meetings on April 24, 2019 about Freedom of Speech and it only being limited to two places on campus, the Quad and the area by the flagpole. Fulwider would provide Perry with information about all the meetings that Adan Chaivdez, Ulises Valesco, Chantel Martinez, Victoria Ramos were having about Perry.

On May 10, 2019, on Native American Motivation Day, Perry was the emcee of the event. Perry pre-arranged the Ukiah Unified School District Bus Transportation arrangements and was told to "meet the buses" as they came in. Perry also had to make food arrangements which had not been set up for the BBQ Hamburgers / hotdogs. A fellow NAAC Member Brian was not provided the needed coal for the BBQ and Perry had to contact Darletta Fulwider, who also sent Perry a text message the same day stating "Ohh maybe you can teach me Psychology." Adan Chaivdez also made a comment to Perry on May 10, 2019 – "watch this group of guys" as there was issues with a young native group of boys that had rivals. Perry informed Adan Chaivdez that he was not "security" and that he was a volunteer.

Valesco, Lopez, Chavidez along with Martinez, who worked under them all, played their role in the continued harassment and defamation to Perry with comments being made to other students and staff on several occasions in 2019. Martinez was the eyes and ears who worked part time and was responsible for opening up the Native American Student Resource Center; she had made a list of rules that included one that no one was allowed to talk "Tribal Politics" in the NASRC. Perry used the center a lot later to find out that she was reporting back to Chavidez. And, in November 2018, Chavidez complained that Perry could not open or use the center unless employees were present. Several incidents happened in 2018 where discriminatory remarks were made to and about Perry including when Lopez, on November 21, 2018, on Un-Thanksgiving referenced Perry as being "crazy" due to his race and color. Several incidents happened well into 2019 where discriminatory remarks were made to and about Perry including an incident between March 2019 and April 2019 in communications regarding Native American Motivation Day (which occurred on May 10, 2019) regarding Perry being "gay."

This list is not exhaustive of the discriminatory acts that Perry experienced at the College. There were numerous instances where Perry suffered due to discrimination based on his race, color, disability, and sexual orientation at the times relevant in this Claim Form.

SUBJECT: PRESIDENT AND ADMINISTRATION REPORT

Happy New Year!

The district was closed from December 24, 2020 to January 4, 2021 for winter break. I hope everyone had time to rest and recharge from a chaotic 2020. There continues to be many superb endeavors at the college to serve our students and community. January brings the first news from the Governor's Office concerning the State budget for 2021-2022. Details will be shard at the Board budget workshop scheduled for January 28, 2021.

District enrollment for Spring 21 is approximately 6% below Spring 20 at this juncture. There remains several weeks prior to the start of instruction and the gap may close. Regionally, districts are experiences 15%-20% enrollment declines. These declines are part of the long-term effects of the pandemic. Statewide students are increasingly moving from full-time to part-time or stopping out for a semester.

Martin Luther King, Jr. Holiday

On Monday, January 18, Mendocino-lake Community College District will join the country in celebrating Martin Luther King Jr. Day. In so doing, we honor the life and legacy of one of the great figures in modern American history.

The legacy of Dr. Martin Luther King Jr. lives on today. We exemplify Dr. King's dream by advocating for peace, unity, love, change, leadership and service. Advocating for these principles has never been easy — not a half-century ago when Dr. King was alive, nor today. With the all-too-pervasive evidence of inequity in places around the country, each of us is called upon to consider ways that we can contribute to healing, justice, and prosperity for all.

Student Services Updates

In-Person Support Services

The recent surge in positive COVID-19 cases in our community has required that we revise our plan for in-person support services for the Spring semester. In order to continue our efforts of promoting a safe and healthy educational environment, in-person student support services will be greatly reduced. While students will still be able to complete all their forms, tasks and get assistance from staff remotely, most in-person support at the start of the semester has been suspended. Our plan initially called for staff to be available on campus at the start of the semester to facilitate student enrollment, similar to our efforts in the Fall semester. Nevertheless, if students are in a program like CAMP, FYI or EOPS, they will be notified of drive-by options for them to pick up their materials. Additionally, the Lending Library will still be available to students as well as continued support online, over the phone, at the Library and Centers.

Student Workshops

Multiple departments at Mendocino College have collaborated on the coordination of student workshops for the Spring semester. At the moment, over 20 student workshops will be held online throughout the semester to support students. Topics to be covered include how to use

Canvas, time management strategies, financial aid support, stress management, study skills, among others. These workshops will be made available to students at different points of the semester and open to all students. While specialized programs like FYI will organize a number of the workshops, including virtual workshops on January 13 & 14 to help prepare students for the Spring semester, they will be made available to all students. Similarly, Gayle Zepeda and Malissa Donegan have again collaborated to continue the RES Café series of workshops they developed in the Fall to support Native American students. These workshops will continue to be open to all students while also closely addressing the needs of our Native American students.

Financial Aid

Staff in the financial aid office have been holding virtual FAFSA/Dream Act workshops to support student completion of their 2021-2022 applications by the March 2nd Cal Grant deadline. Additionally, they are in the process of notifying students of their Academic Progress to determine their eligibility for Spring financial aid. Students who have their financial aid file complete will be disbursed their Pell Grant on January 13th for the spring semester. In addition, they have continued to contact students who were enrolled in the Fall semester but are still missing requirements to complete their financial aid file.

EOPS

Students who are new to EOPS will attend an online EOPS Orientation to be admitted to the program. During the orientation, new students are given information about the EOPS program and services. The EOPS drive-thru Kick-off for the Ukiah campus will be held on January 14th. Students will be given their "Tools for School", a set of school supplies and have an opportunity to request textbooks and calculators from the EOPS lending library. Additional drive-thru Kick-off dates will be scheduled at the Centers as needed.

Academic Affairs Updates

As courses, professional development and meetings remain primarily online, faculty and administration continue to collaborate to provide instruction and support for teaching and learning. While the challenges continue in this context, faculty, instructional deans and support staff have done remarkably well to keep our offerings available, relevant, and at a high quality through the pandemic. Also, they have worked diligently to offer learning support to students to encourage success in online instruction. This includes continuing to provide limited in person resources at the library and at the Centers to make sure that students have adequate technology and quiet space.

In their continuing efforts to support instructors teaching online, the Faculty Helping Faculty group help a 3rd in their series of Canvas discussions on January 6th. This session featured DE Director Vivian Varela presenting on how to closed caption videos. The group will continue with regular Zoom Q&A sessions throughout the semester.

In addition, to further support students, they have created two resources for faculty to share with students (a list of student support resources and a list of Canvas tutorials) and, led by Tascha Whetzel, have revamped the DE homepage to highlight student online success resources. Emily Hashemian, EOPS Counselor and How to Be A Successful Online Student instructor, will provide two Zoom sessions for students on 1/13 and 1/19 to provide guidance on how to use Canvas successfully.

Deans Xu, Aseltyne, and Montes are meeting with Part time faculty via Zoom on the evening of Wednesday January 13 for the Part Time Orientation that precedes each semester. This evening includes regular updates and reminders, as well as a presentation on Student support programs, Turnitin, Library Resources, and how to use the Canvas video recording feature, Canvas Studio.

On Thursday, January 14, all faculty will participate in a "Faculty Conference" which will include a variety of workshops. The day will be aimed at reflecting on teaching and learning in the current context and into the future.

Centers

All Center locations remain primarily remote, with limited opening planned around registration. A few on ground classes are planned at each site for courses whose student learning outcomes cannot be met remotely. Dual enrollment partnerships remain strong, with college courses continuing to be offered remotely at almost all partnering high schools. Remote dual enrollment parent and student workshops are currently being organized for a strong Fall 2021 offering.

Career Education

The Basic Wildland Firefighting Academy, FSC-68, will offer basic-entry level structure and wildland firefighting training for individuals seeking a career with state, federal and local fire departments. The course starts 1/19/21 ends 3/12/21 at Cal Fire Howard Forrest Training site in Willits.

The Emergency Medical Services EMS-135 Emergency Medical Technician course recently was awarded funding for student scholarships from MedStar Ambulance Services of Ukiah for students taking the qualifying examination for the California State EMT-1 certificate. The course covers basic assessment and treatment of life-threatening injuries, extrication of the injured, and ambulance procedures.

The Strong Workforce program local funding will continue to support the CTE instructional classroom upgrades by purchasing and installing 25 new desktops, computer equipment, projectors and several wall monitors in room 1280 and 1290 Macmillan Hall. The CTE classroom upgrades will be completed prior to the return of Computer Science and Business face-to-face courses.

Administrative Services Updates

The Governor will release the 2021/22 State Budget Proposal on Friday, January 8. This budget will be the first look at what 2021/22 may mean for community college finances and may provide changes to the current year budget.

The Information Technology department is working with several departments to allow about 30 college staff to bring their desk telephone home with them while they're working remotely. This provides students with the ability to reach key staff and departments directly by phone, eliminating the need for messages and return calls that has been frustrating to both students and staff.

SUBJECT: CONSTITUENT GROUP REPORTS

SYNOPSIS:

A report from the Constituent Groups to the Board of Trustees is submitted as information.

ANALYSIS:

Academic Senate:

The following report was submitted by Academic Senate President Catherine Indermill:

There are no new developments from the Academic Senate as students and faculty are currently on Winter Break, however I do have a brief follow up from the May 2019 report.

Laura Mays, Professor of Woodworking informs me that in September a group of six recent graduates of the Woodworking Program raised over \$35.000 to provide scholarships for two BIPOC (Black, Indigenous and People of Color) students. This will allow them to attend woodworking classes, both summer and the nine-month program, at The Krenov School. The graduates got together virtually to set up an online raffle (Instagram and Venmo) of handmade woodworking items to raise the funds.

It is great to see our graduates working collaboratively and creatively to support other students who are beginning in this craft and provide them the means to attend the Krenov School at Mendocino College.

Classified Senate:

The following report was submitted by Classified Senate President Mayra Sanchez:

Even though our Holiday FunRaiser had to be completed virtually this year, we are very grateful for everyone who helped and participated. Thanks to everyone's contributions and extraordinary efforts, we were able to raise \$2,240.82 which will be used for student scholarships. This was above and beyond all of our expectations and so we would like express our thanks to each and every one of you!

We are excited to be participating in in-service this semester and presenting all the great work MendoCares looks forward to accomplishing.

Management/Supervisory/Confidential:

The following report was submitted by Management Team President Janelle Bird:

The Management Team is busy gearing up for a successful spring semester. Department leaders have been collaborating about ways to once again welcome students given the continuation of a mostly virtual delivery of instruction and services. We look forward to building upon last semester's virtual Passport to Learning event in order to show students how we can help them be successful with their education in this new environment. We look forward to a time when we can once again host our on ground Week of Welcome activities.

Oral reports by other constituent group leaders may be presented at the meeting.

MINIMUM QUALIFICATIONS - FACULTY

As a condition of employment with the Mendocino-Lake Community College District, faculty are required to meet State mandated minimum qualification or the equivalent. A person holding a credential authorizing service in a California Community College meets minimum qualifications in the discipline authorized by that credential and the person will retain the right to serve under that credential as provided by state law until it expires. Any person granted or previously granted equivalency for teaching in a given discipline by the Mendocino-Lake Community College District Board of Trustees pursuant to state laws and regulations will be deemed to have met the minimum requirements in that discipline and will retain the right to teach in that discipline pursuant to state law and regulations.

Faculty in this District include those persons defined as faculty under Education Code, section 87003(a) and include, but are not limited to full-time and part time instructors, counselors, librarians, community college health services professionals, disabled student programs and services professionals, extended opportunity programs and services professionals and work experience coordinators. Individuals not meeting the State-mandated minimum qualifications may qualify for employment under the following District equivalency provision which was developed in consultation with the Academic Senate. This Board policy is intended to ensure a fair and objective process for determining when an applicant has qualifications that are at least equivalent to State-mandated minimum qualifications. It is not intended to grant waivers for lack of the required State-mandated minimum qualifications. A representative of the District Governing Board shall work with the Academic Senate to develop an equivalency process, including criteria and standards, for faculty employment and shall submit that process to the Board for approval.

EQUIVALENCY FOR MINIMUM QUALIFICATIONS FOR FACULTY

The equivalency process shall address equivalencies for disciplines requiring the master's degree, disciplines in which the master's degree is not generally expected or available (and which do not require a specific bachelor's or associate's degree), and disciplines in which the master's degree is not generally expected or available (but which require a specific bachelor's or associate's degree). The process shall clarify the criteria that are used for equivalency determinations and the documentation required to support equivalency determinations. Any equivalency determination and/or employment decision that is based on false or misleading documentation provided by an applicant may be revoked upon discovery of the improper documentation.

Revised: August 18, 2010 Revised: January 14, 2015

The process shall ensure that representatives of the Academic Senate are available to assess equivalency claims during faculty selection processes and that evidence of the bases for finding equivalency is clear and recorded.

A candidate seeking an equivalency determination must provide, at a minimum, evidence that the candidate has the equivalent not only of subject matter expertise in a particular discipline, but also documentation as to how general education requirements necessary for an associate or bachelor's degree are met.

The Board will permit a determination of "eminence" as equivalent to State-mandated minimum qualifications for faculty under limited circumstances. Eminence is defined as documented superior knowledge and skill in a discipline. Superior knowledge and skill must be determined in comparison with the generally accepted standard of achievement in the discipline, such that an applicant, if measured by recognized authorities in his/her subject field, would be judged superior. Local renown or recognition alone is insufficient for a finding of eminence.

All evidence of equivalent preparation, including the basis for an eminence determination, must relate to the discipline at issue and must be of a type that is as reliable and objective as a college transcript. For an equivalency determination, each candidate must be found to be qualified to teach the full range of courses in the discipline under review.

The standards may provide that an individual employed to teach in a vocational discipline must show a demonstrated competency in the current technology of that discipline. "Reasonably related discipline" in any equivalency determination refers to disciplines referenced in the latest version of the Minimum Qualifications for Faculty and Administrators in the California Community Colleges, published by the State Chancellor's Office

Board Action On Equivalencies

The Board of Trustees shall not hire a faculty member unless the individual meets State-mandated minimum qualifications or the equivalent. The Board shall determine whether an individual possesses qualifications that are at least equivalent to the state-mandated minimum qualifications. If a proposed faculty member is being hired based on equivalencies, the criteria used by the Board in making the determination shall be reflected in the Board's action employing the individual.

The Board will rely primarily on the advice and judgment of the Academic Senate in determining whether a proposed faculty member holds qualifications that are at least equal to state-mandated minimum qualifications. The Board will provide the Academic Senate with an opportunity to present its views regarding equivalencies before the Board makes a determination regarding equivalencies and the written record of the Board's decision, including the views of the Academic Senate, shall be available for review.

- All position announcements will state the required qualifications as specified by the Disciplines List, including the possibility of meeting the equivalent of the required degree or experience.
- District application forms for faculty positions will ask applicants to state whether they meet the minimum qualifications of the Disciplines List or whether they believe they meet the equivalent.
